

I have been listening to K-LOVE radio for nearly ten years now. It has become a part of my lifestyle that provides the encouragement I need to begin and end my day. K-LOVE not only serves me, but many in my community and beyond. My friends and many acquaintances talk about how great the station is and the service it provides. I also see numerous bumper stickers plastered to cars as I drive around my city, proving to me that removing K-LOVE radio from the air waves would be devastating to more than just a few. I petition you not only for the reasons mentioned, but more importantly for my children, my friends' children and the children who's parents sport the K-LOVE bumper sticker. We must have an alternative to mainstream music which does not often provide positive views on traditional values, virtuous behavior and positive relationships. K-LOVE radio provides these and more for my family and me and hundreds of thousands like us. Please consider the negative impact it would have, not only now but in the future, if K-LOVE was removed from the air waves.

Thank you for sincerely considering my request,
